

Alucast Upright Security Covers

Overview

APPLICATIONS

- Monitoring wells
- Inclinometer boreholes
- Piezometers
- Borehole rod extensometers

FEATURES

- High visibility
- Water resistant
- Labelled for extra security
- H-20 rated
- Lockable

Alucast Upright Aluminium Security Covers provide lightweight water resistant security and are particularly useful where easy location of the borehole is required, such as a field or where vegetation is likely to obscure the borehole location.

Manufactured in aluminium with a corrosion resistant coating, they make a convenient lightweight alternative to traditional heavy steel covers.

They are fitted with a simple hinged lid and secured with a heavy-duty padlock and are designed to be set into concrete the external lugs near the base provide a key into the concrete and prevent unauthorised removal.

SPECIFICATIONS

Nominal Size (inch)	Height (mm)	Weight (kg)
4x4	600	1.53
4x4	1000	2.45
6x6	600	3.12
6x6	1000	5
